

The next generation of medical image processing and control is here with IPS4000. FSN Medical Technologies has developed a powerful, yet compact, digital video integration solution. Below are details on the available configurations.

Configuration A

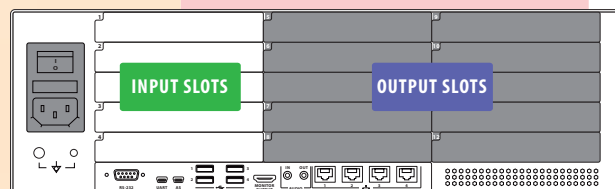

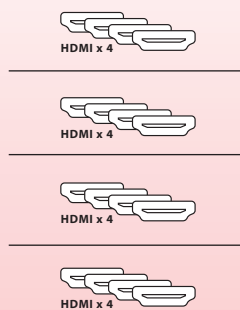

Input

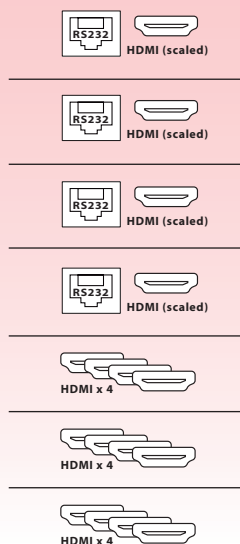

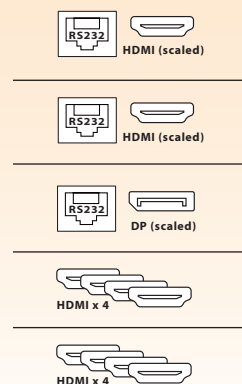

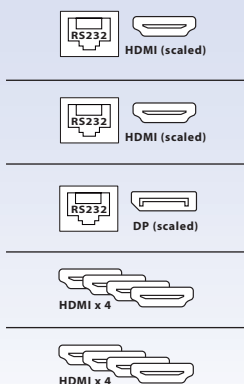

Configuration B

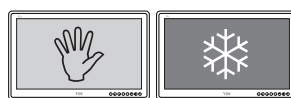

Configuration C

Output

Scaled outputs have adjustments available for resolution, window layout, zoom, pan functions. Example: 4 scaled output signals can be displayed on a single monitor.

2 sources, non-scaled

2 sources, scaled
